POINTS
Cellar Selection

This is the latest release of what has long been regarded as Portugal's iconic wine. And it is magnificent. The last vintage was the 2004 and the wait has now shown to be worthwhile. With its immense span and breadth of flavors and rich structure, it is a superb manifestation of the great vineyards of the Douro Superior. Big bold fruits and acidity are matched by the tannins and concentration. Hold this for many years or at least wait until 2022.

IMPORTER Broadbent Selections, Inc

A few stats about the dataset:

Wine Enthusiast is one of the largest wine rated magazines and websites in the world.

- ✗ Rating score is from 80 to 100
- ✗ Price ranges between \$6 and \$750
- ✗ It contains 3,242 wine bottles sold on winemag.com produced between 1929 and 2016

1.

Myth or Fact

Can you answer it?

“

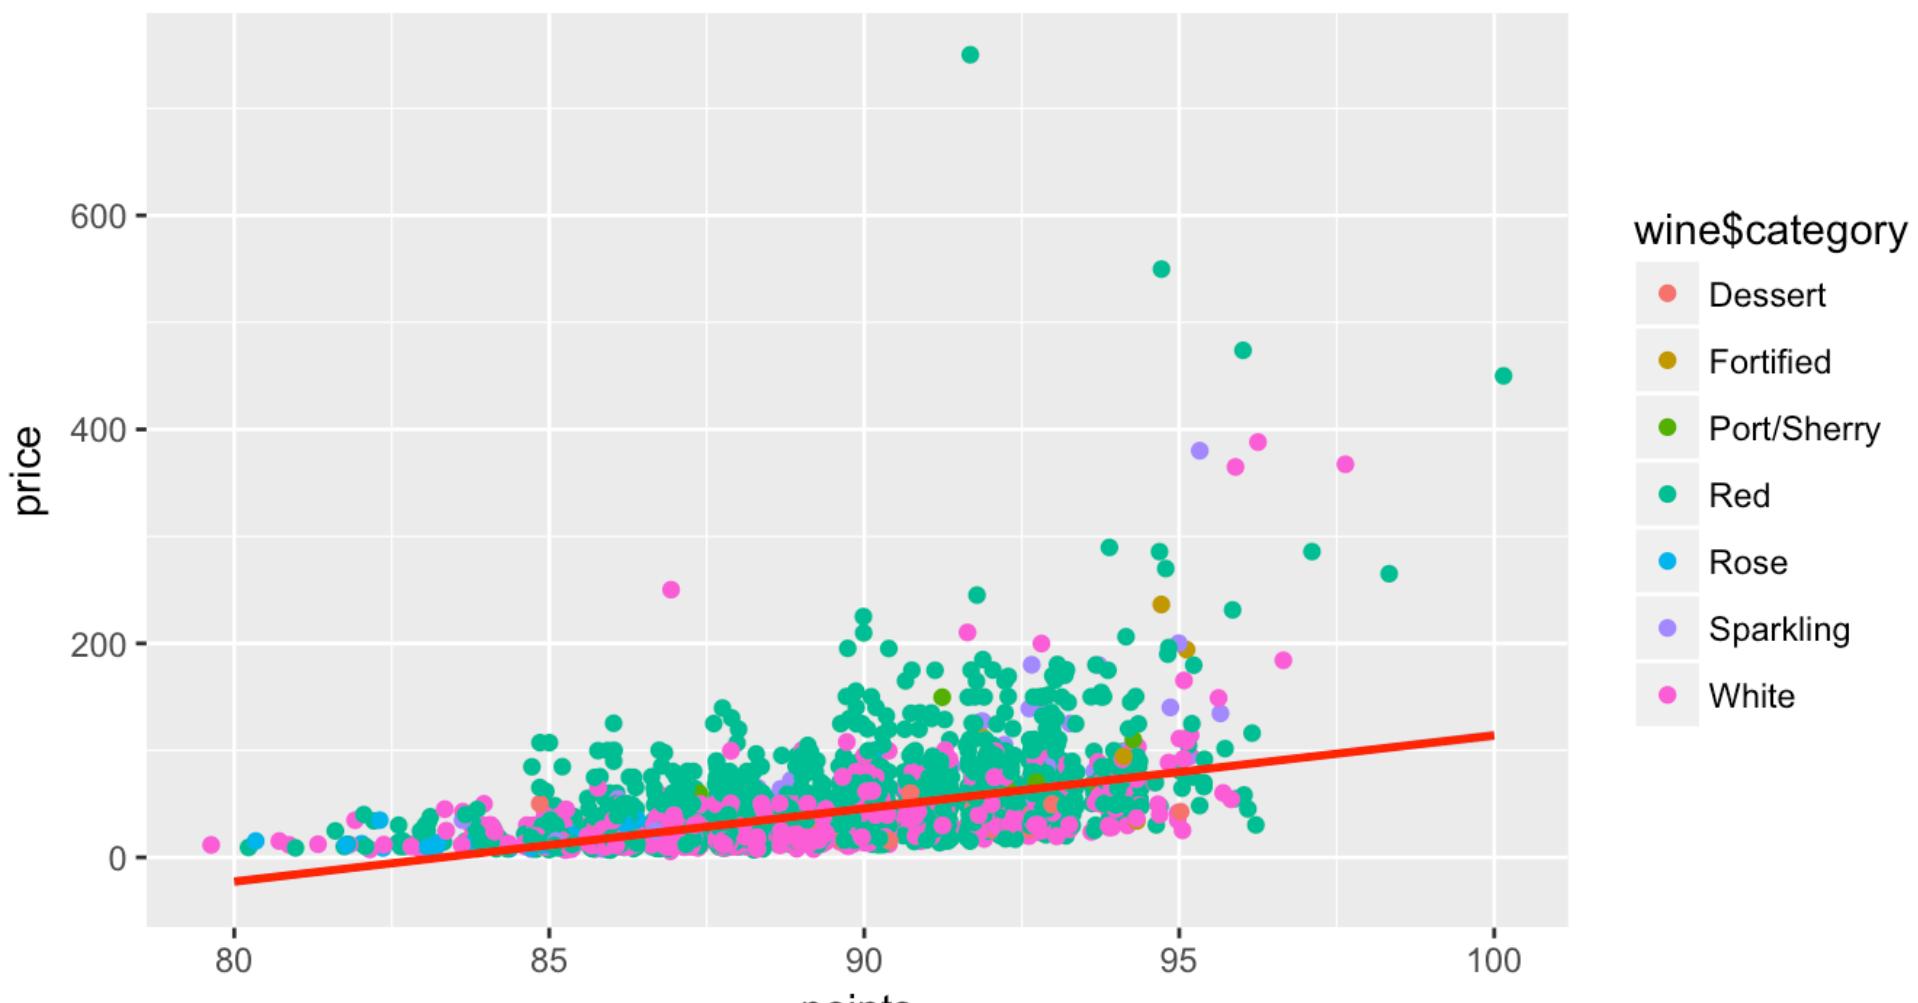

**Expensive wine is better
wine..**

Rating Fact

- ✗ Price is not a factor in assigning scores to wines.
- ✗ *Wine Enthusiast Scores:*
 - ✗ **95-100** -- Superb. One of the greats.
 - ✗ **90-94** -- Excellent. Extremely well made and highly recommended.
 - ✗ **85-89** -- Very good. May offer outstanding value if the price is right.
 - ✗ **80-84** -- Good. Solid wine, suitable for everyday consumption.

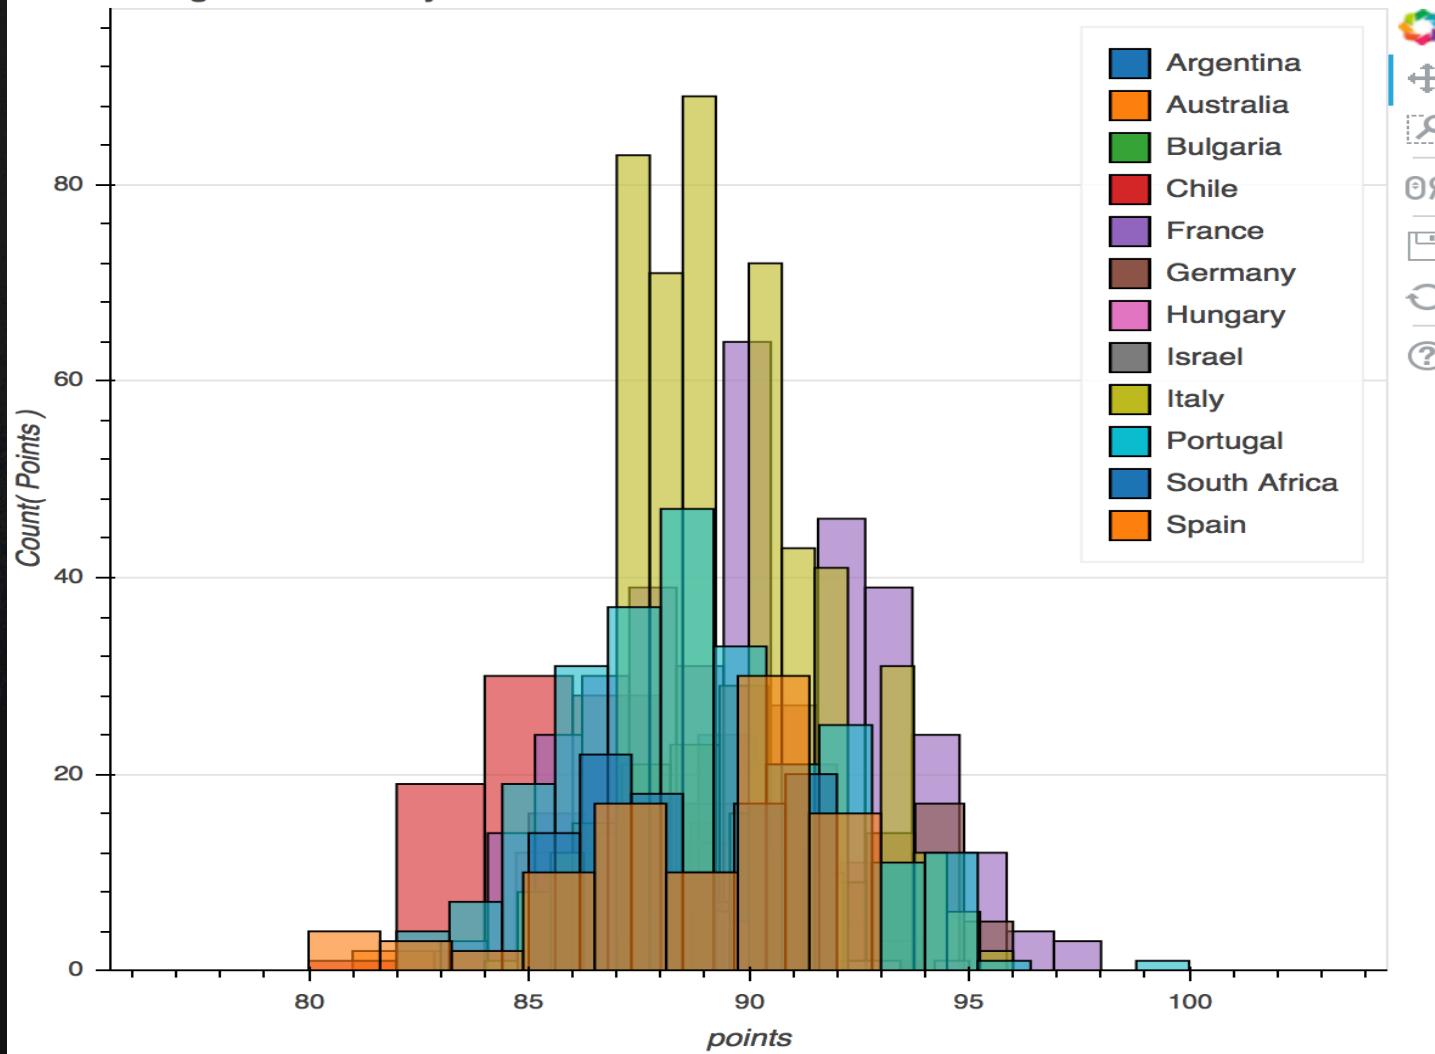

Adj R2 = 0.21877 Intercept = -568.98 Slope = 6.8295 P = 1.6718e-182

“

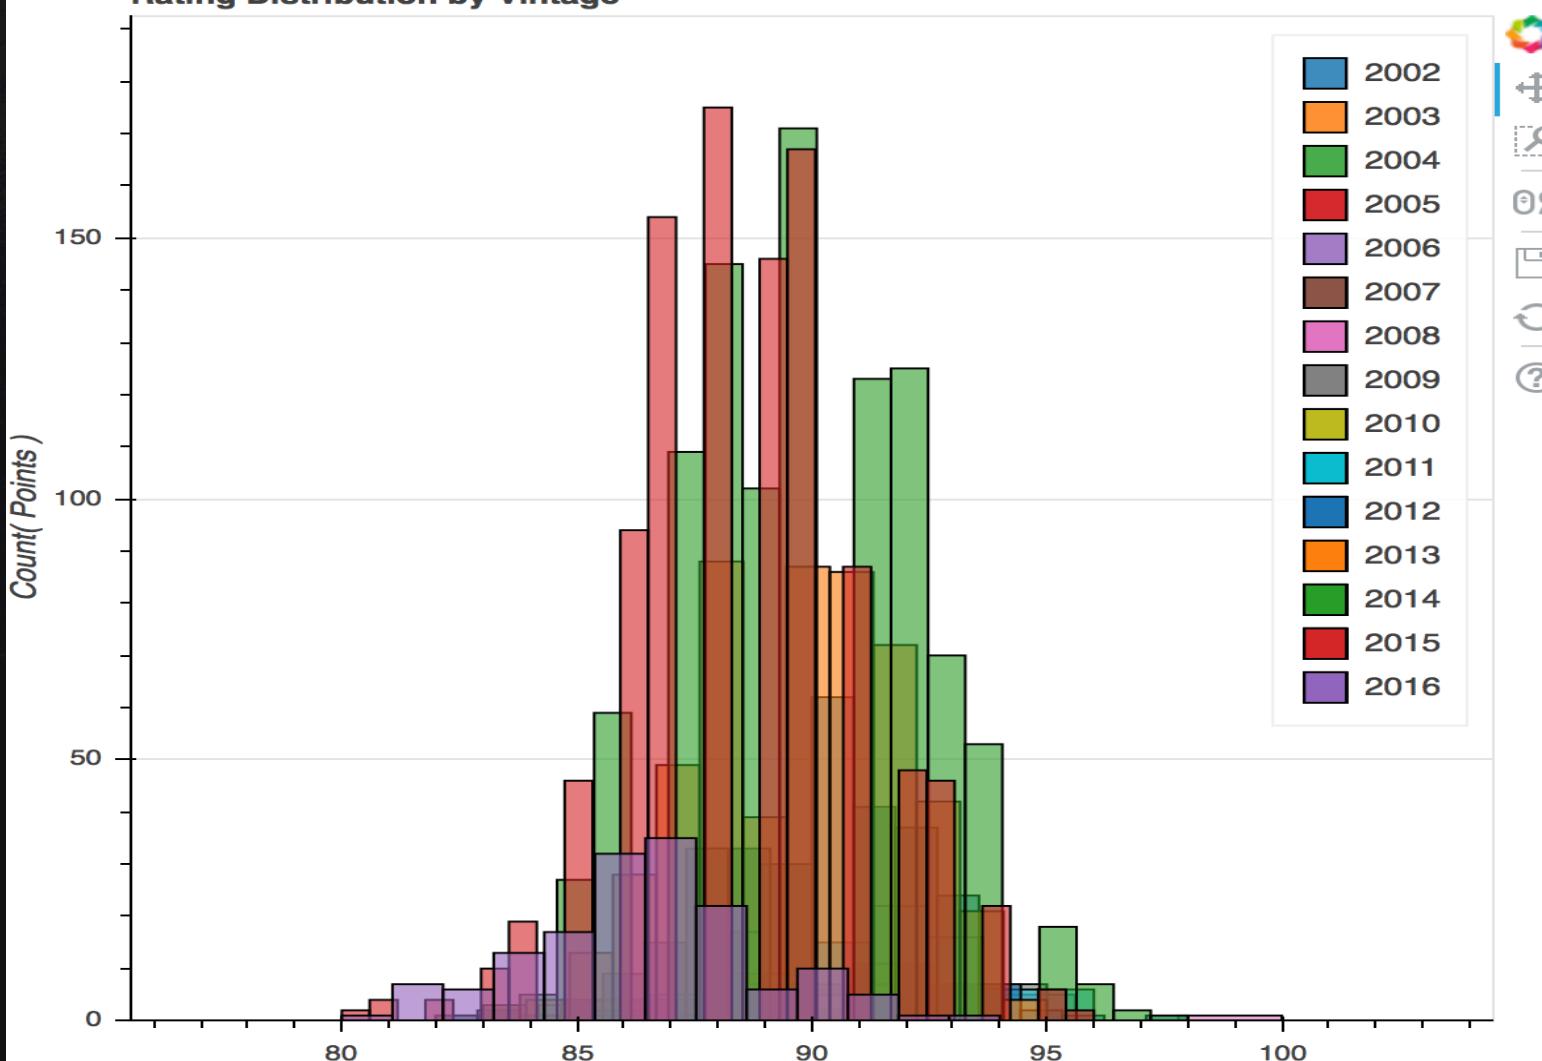

A grape is a grape, no matter
where it's from

Rating Distribution by Countries

“

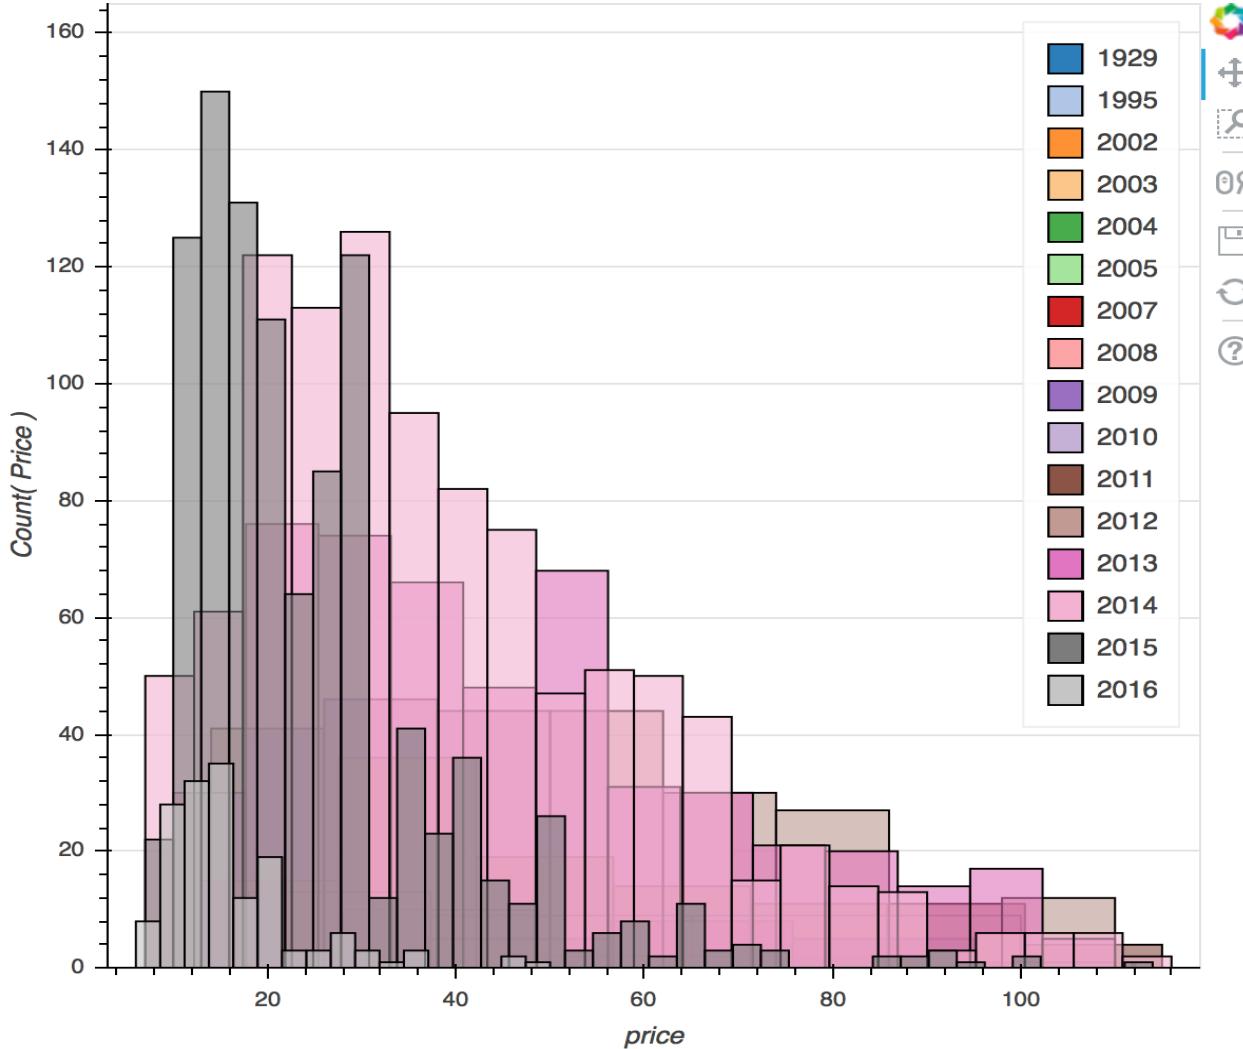

The older the wine the better

“

The older the wine ,more
expensive it gets

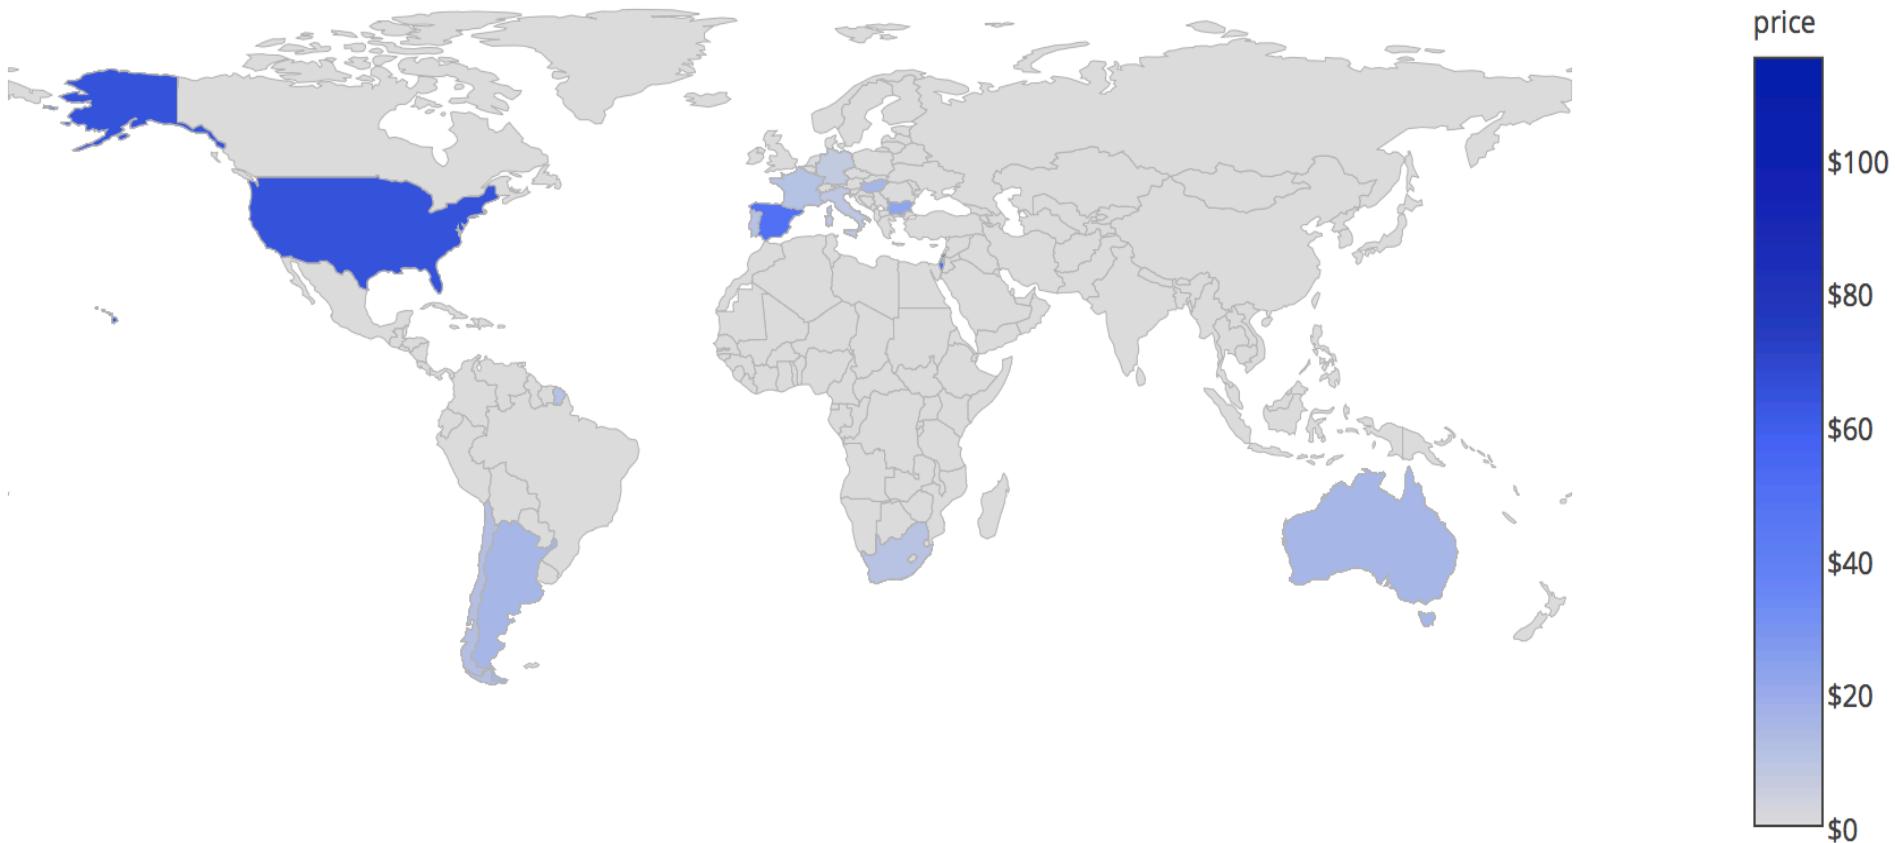

Rating Distribution by Vintage

“

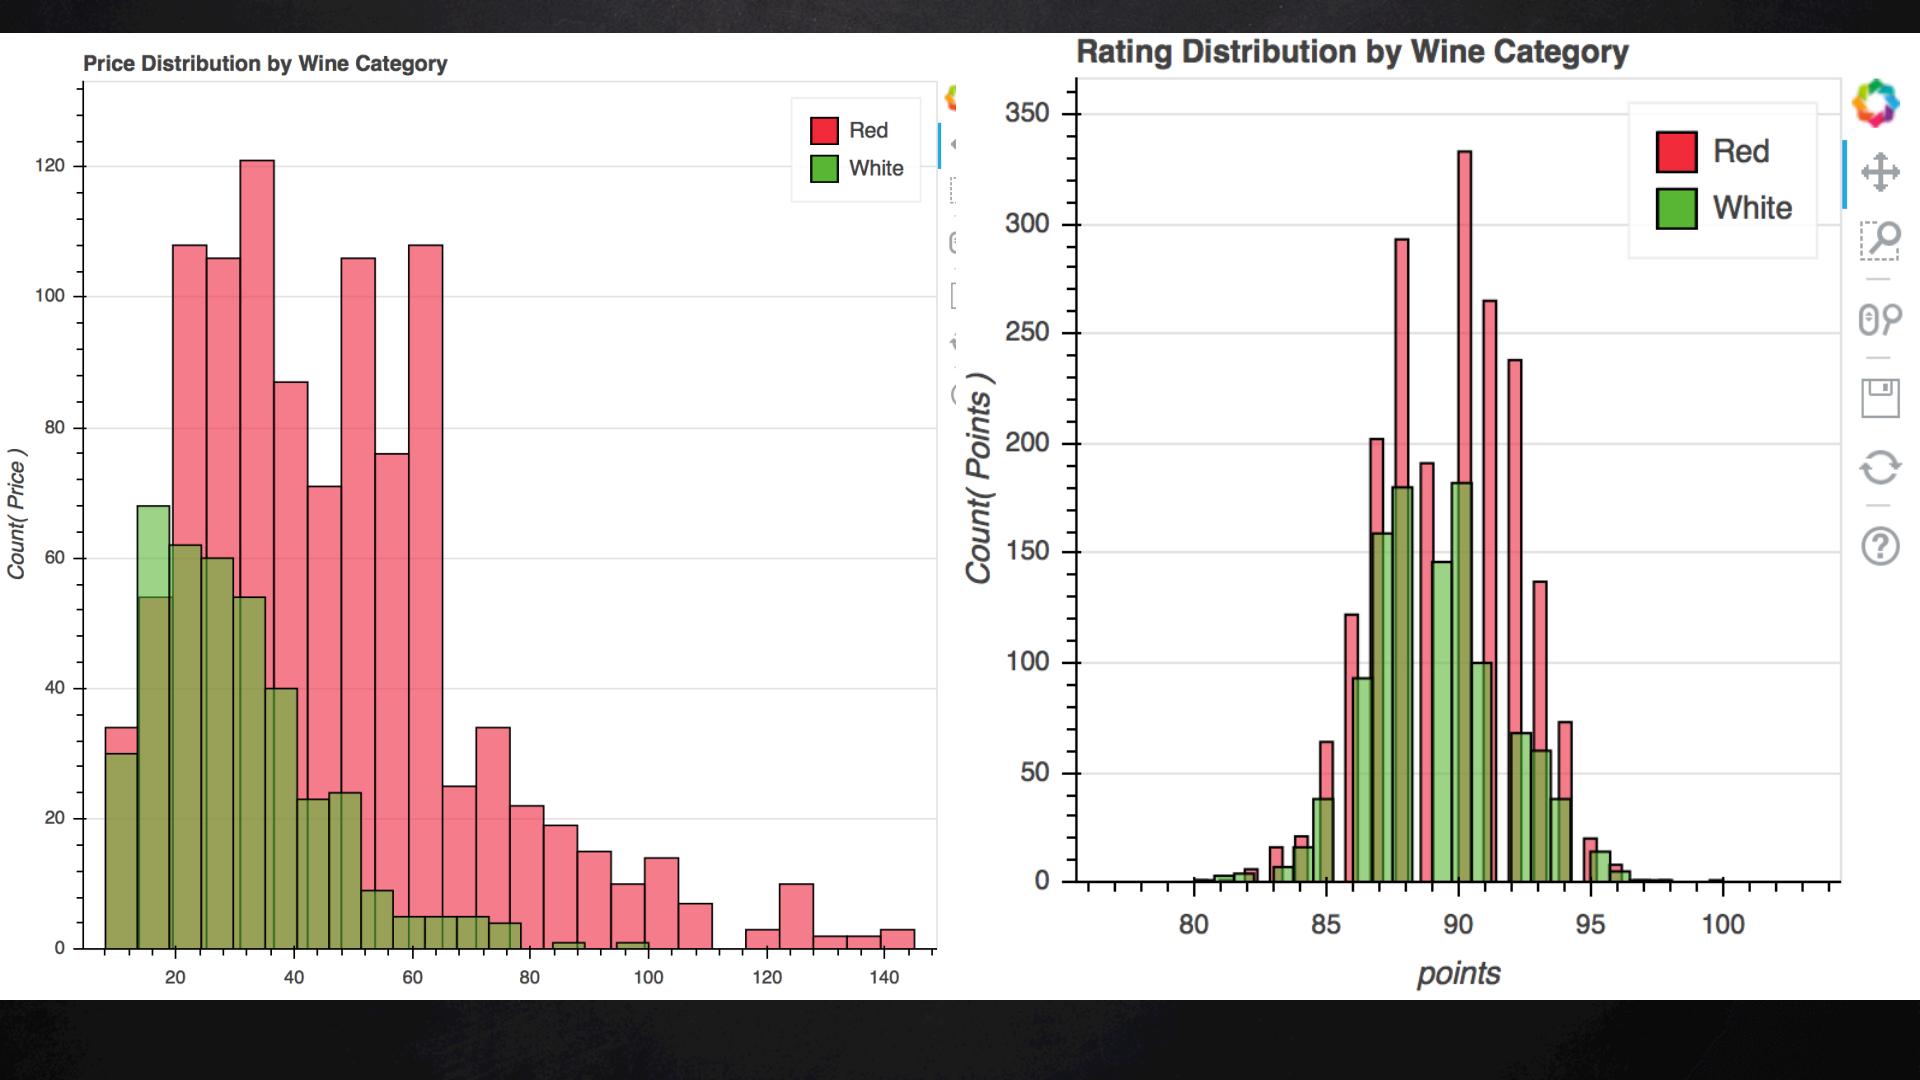

**European wines are more
expensive than US's**

Countries vs Price

“

**Red wines are better than white
wines in terms of rating and
more expensive too.**

Describe your ideal wine and the chart
updates with the best varietals!

dry fruity

I need help thinking of descriptive words

The recommendation system takes words scraped from thousands of wine descriptions written on wine enthusiast magazine and uses a Naive Bayesian model to determine the most likely posterior probability given user-inputted text.
